A division of Safe Care Home Support

OUR GOAL

To maintain independence, reduce isolation all while maintaining the individual's current level of cognitive and physical abilities for as long as possible using a holistic approach.

OBJECTIVES

1

To enhance or maintain our client's capacity to perform activities of daily living (ADL) thus facilitate a more active and independent lifestyle.

2

To promote the well-being of family caregivers by offering respite opportunities so they can attend to their other tasks and most importantly, to provide much needed self-care.

3

To reduce isolation & loneliness by providing in-person or virtual sessions with peers and our caring staff and/or volunteers.

Who is our programs for?

Adults 50 + with mild to moderate cognitive impairment.

Our team members will make sure participants are connected with others who match their stage and abilities for both our in-person or virtual sessions.

Our new Virtual Sessions over Zoom are a big hit! Enjoy cognitive stimulation and socialization from the safety and comfort of your own home!

Capacity at the Centre is up to 8 people as per COVID-19 safety protocols.

A Dementia Centre Without Walls

4

To foster improved physical and mental well-being through exercises that stimulates client's physical and cognitive abilities.

5

To prevent or delay placement into long-term care by supporting client independence, self-reliance and self-empowerment through personalized care and peer-inspired self-confidence.
